Picking Up.

Business on the Illinois Central railroad is improving considerably at both ends, but more especially from the south, and they are now sending daily from thirty to fifty car-loads of merchandise and fruits from this point.

An Interesting Record.

Mayor Winter has in his possession a record of all the fires, and also a record of all the alarms sounded, since 1890; it also gives as near as could be learned the cause of the alarm or fire, together with the amount of insurance on the houses which were burned or damaged by the devouring element. The record to our old citizens is a very interesting study, and brings back to their memory the "good old days" when we had a fire almost every night.

By order of the President.

CAIRO, ILL., AUGUST 20th, 1875.

At Auction:

At Parker & Axley's to-night: Dry goods, clothing, piece goods, hats, caps, boots, shoes, dress goods, ladies' collars and cuffs, parasols, carpets, notions, etc.

CHAS. S. DELAY, Auctioneer.

Free Lime.

Mayor Winter yesterday called upon Mr. Johnson, of the Illinois Central, and asked him if he would carry disinfecting lime for the city from Anna, free of charge. Mr. Johnson said, "As much as you want." So we shall have lime to disinfect the low places of the city. It will be here on Sunday night, ready for distribution on Monday morning; and with tar, as Brother Davis says, will make the city as clean as a Grasshopper-attacked field and as sweet as the Rose of Sharon.

Out of Office.

The difficulty, for some time pending between Mayor Winter and Chief of Police Williams, has been settled. Being of the same temperament, they came to the conclusion that, in an official way, it was to the city's interest that the Mayor select as Chief one who could work in harmony with him. Mr. Williams will therefore vacate the office of City Marshal this evening at 6 o'clock. No breach of personal friendship has taken place between Mayor Winter and Mr. Williams. They have simply concluded to not work together as public officers.

Personal.

Mr. James Gash left on the afternoon train yesterday for Decatur, Ill., to be gone a week or ten days.

J. D. Dean, clerk at the St. Charles, who has been absent for several days on a trip to St. Louis, returned yesterday morning, now lying at the wharf.

Mr. B. P. Nettleson, who is well known to many in this city, and who was lately wedded to one of Du Quoin's fairest daughters, was registered with his wife at the St. Charles yesterday.

A No. 1 Wood Yard.

We call attention to the card of the Cairo & St. Louis Transfer and Coal company, which appears in another column. This company has established their coal and wood yard at the depot of the Narrow Gauge, and will compete with any coal dealers, as to price and quality, in the city. In connection with their coal and wood yard they are running the first steam wood-sawing machine ever brought to Cairo—can cut a cord of wood quicker than we can tell it, and will therefore have an advantage over all competitors in the wood line.

Delinquent Taxes.

To those owing such taxes, notice is given that the sale of real estate will take place on the 30th inst, and for personal taxes after the 1st day of September; that the collector will proceed by distraint against all persons found in arrears. This is absolute and applies to all.

ALEX. H. IRVIN, County Collector.

Found.

A full set of upper teeth, which the owner can have by calling at this office and paying charges.

The New Policemen.

Mayor Winter has appointed Messrs. Gossman, Andrew Cain and George Wilson special policemen to fill vacancies occasioned by the removal of officers Whitcomb and Schuster, and the retirement of Mr. Williams. These are excellent men, and will make officers acceptable to the people. If, now, the Mayor will appoint Mr. Gossman to the office of City Marshal, we are sure no further police troubles will occur during his administration, and the citizens will be content. No better man could be selected, and with Mr. LaHue as day policeman, the ordinances will be, we have no doubt, faithfully executed.

Gloves.

Messrs. J. Burger & Co. are selling light and dark kid gloves at 50 cts. Step in and see them.

Bouncing Trains.

We met him up the line of the Illinois Central last week. He was a good looking boy in the face, and we said to him: "Why, Dick, where did you come from?" "Well," he said, "after I ran away from you." "With that little amount," we interrupted. "Yes," he went on, with the calmest face we ever looked at; "after that, I got on very well until I reached Pittsburg, you know; and then I got out of money and concluded I'd get back to God's country. Well I've got this far on the way, you see." "How did you manage to travel without money?" "Oh! that was easy. I just bounced the trains, you know."

"Bounced the trains? What is that?" "Well, you know, I get into a car, and the conductor comes along, and says, 'Money, money,' says he. 'Ain't got one,' says I. Then he is mad, you know, and at the next station he just takes hold of me and bounces me off the train, you see. Well, I get on the next one, and 'Ticket,' says he, and 'I ain't got one,' says I, and then I'm bounced off again, you know, and so I bounce on until I get through. I expect to bounce to Cairo in four days, you know."

And he walked off the most independent youth of fifteen we ever saw. Yesterday he came into the office, winked at us, stuck his thumb into our dignified side and said:

"I say, old boy, you see, don't you, I did that little job of bouncing, you know."

Whereupon we ordered our strongest young man to cast Dick into the sipe water; but he didn't; for Dick bounced him.

County Court.

The county court on Thursday adjourned until Monday next, the 23d inst. The following business was transacted during this term:

—The People &c., vs. M. V. Hazlewood, administrator of the estate of M. Jones, deceased—attachment for contempt. Defendant adjudged guilty, fined \$1 and costs, and ruled to make report during this term.

—In the guardianship of the minor heir of N. S. Blagden, deceased. Report by widow of deceased, guardian approved.

—In the estate of Z. McDaniel, deceased. Proof of publication for adjustment of claims approved and the following claims allowed, viz: Morris, Hood & Co., \$12.03; John Holshouser, \$29.08; Alfred D. Childers, \$29.03.

—In the matter of the claims of John Matthews vs. M. J. McGauley, administrator of the estate of Thos. E. Sullivan, deceased. Judgment in favor of claimant for \$77.88.

—In the estate of David Jackson, deceased. Inventory was approved.

—In the estate of A. R. Whitaker, deceased. Final report was approved and administrator discharged.

—In the guardianship of the minor heirs of Elijah Howies, deceased. Report approved.

—In the estate of Tapley White, deceased, citation ordered against the administrator to make final settlement.

—In the matter of the application of Alex. H. Irvin, collector of revenue, for judgment against delinquent lands and lots, the court granted judgment for the amounts set opposite each tract or lot respectively, less the sum of 28 cents on each \$1 valuation, said sum being the excess of the constitutional levy of county tax.

—In the matter of the objections of Taylor & Parsons, trustees, to order for judgment against certain out-lots to the city of Cairo, the court overruled said objections and entered judgment against said out-lots. Appeal was prayed for and time granted until the 25th inst, to file appeal bond as to any or all of said out-lots.

General Items.

—Judge Bros is registered at the Laclede, St. Louis.

—Mr. John T. Rennie is absent from the city at Metropolis.

—The Citizens' Association have procured a room in Bros' building for the use of committees and members.

—John M. Lansen, Esq., has gone to Dixon Springs, where Mrs. Lansen and children have been for several weeks.

—Our local had a melon-chole after-noon yesterday. He died at about three o'clock, but is now able to be about again, thank you.

—The glided butterflies have begun to flaunt on gaudy wings, but our efficient policemen see them floating in the air and will nip them in the bud.

—The rain water is running out beautifully. It has all disappeared from our wash house and press room, and we don't care whether school keeps or not.

—Adam's fall was nothing to the fall that has taken place in the rivers here during the past week. He fell before Eve, but the rivers have been falling all that time, morning, noon and eve, and all night too.

—Mr. Reuben Yocum, Clerk of the Circuit Court, has been seriously ill during the past three weeks with intermittent fever. He is now, we are happy to state, convalescing. With his mother, he will go to Dixon Springs to-day, where he has no doubt he will speedily recover his accustomed health.

—It is splendid the Blatz beer, at Jaekel's. The first lot of the beer received by him some time ago was new and could not stand keeping, but the lot he now has on hand is said by competent judges to be the best beer ever brought to the city. It is the Milwaukee beer so popular in the East. Of a sparkling golden color, it is delicious to the palate. All Jaekel asks is a trial of this beer. He is confident it will commend itself to the best judges as the best beer in the city.

—The interesting young man who presides over these local columns, dishing up such daily news for the delectation of the people of Cairo, yesterday at dinner attacked a large-sized watermelon with all the ability and voracity of a negro expert. He literally devoured it, and the result was disastrous to him. Shortly after the dinner hour he began to devote himself to the business of getting rid of that melon, and in this he exhibited as much ability as he had in "getting away" with it. The result is, he is now one of the most pensive, pale-faced and feeble-voiced young men in the city. The coffin he ordered, half and half, from Cary and Felth, he has put aside for use when next he attacks another melon, for he is determined to die when he is fool enough to do that inside of turning this again.

Mr. Jacob Burger is now in New York, where he intends purchasing one of the largest stocks of dry goods that ever came to this city.

OPENING OF THE SEWERS.

Mayor's Order—Take Notice.

The public are hereby notified that this morning the public sewers will be opened for the purpose of conveying the rain and sipe water into the river. The length of time the same has been on people's premises, will of necessity, cause considerable stench when removed and the broiling sun comes in contact with the refuse left on the ground. It is therefore necessary for the public health and welfare, that some steps should be taken to prevent disease arising therefrom—therefore, I, Henry Winter, Mayor of the City of Cairo, do request and order all good citizens, as soon as the sipe water is off their premises, to forthwith lime or disinfect by some means their premises. All public places will receive the attention of the city authorities. By this means the air will become pure and prevent disease. All persons disobeying this order will be held accountable under the ordinances of the city. All police constables will govern themselves accordingly.
